

Blue Thumb Greenhouse
At Cosmo's place.

- Main Power Light
- Exhaust Vent Light
- Future Use Light
- Water Pump Power
- Air Pump Power Light
- Exhaust Vent in the Roof
Thermostatically Controlled
- Danner Air Pump
Will be changed to Air Pressure
Activated.
- Danner Water pump

Poor mans Power Monitoring system.
 18 W colored CFC bulbs in cheap fixtures.
 Total cost under \$12 per light. All from Lowes.
 Visible Day and Night.
 I will change the Water and Air Pump to a pressure
 active switches. Then I will know it is actually Running
